Hi Jayne,
It is footnote #65 in the clean version that I sent out.
Thanks, Amy

I could not find the attached document referenced in the decision document so eliminated it. Can you tell me which footnote or where in the text it was referenced?

Hi Allison and Jayne,
Attached is the latest and greatest – in both track changes and a clean version. Lots of edits to the footnote formats. Other changes were very minor.

I also put together a quick summary of the additional docket edits and attached is the one new PDF from Jenny's addition (this is noted in the docket edits file). I was not sure about the best format for the edits at this point, so I kept it separate for now. I was also not sure if you had taken into consideration the purple highlights in Jayne's hard copy version of the docket. (and, Jayne, I think your version is missing the attached PDF from Jenny and the citation which is listed in the "edits" document).

Hopefully these formats are helpful. I have a few phone calls scheduled today, but will do my best to be responsive if I can help with anything else.
Thanks, Amy

Hi Amy--

See attached for the final (yeah!) version of the decision doc. If you're team could do one more scrub for typos, footnote formatting, that would be much appreciated. I'd like to have final edited version by COB tomorrow so I can send to our web folks to post first thing Thurs.

Hi Jayne,
I wanted to touch base on the OR CZARA decision document to see if you anticipated needing any support this week to wrap things up. Specifically, there was some additional formatting work on the footnotes we planned to do as well as a couple of text changes to maintain consistency with the references (these were all documented in the docket).

Please let me know if you would still like this support and your anticipated timing.
Thanks, Amy
